RE: Support for Genesee Fire Protection District (GFPD) Evacuation Roadway

To whom it may concern,

I am in support of the Genesee Fire Protection District's proposal for construction of an evacuation roadway in their district. After reviewing the report, I believe it provides compelling evidence that the fire danger is a threat to the area, and a secondary egress is prudent for appropriate fire mitigation and means for evacuation. This measure, coupled with the other mitigation strategies outlined in their Community Wildfire Protection Plan (CWPP) will allow GFPD and the JCSO the best opportunity for reducing potential loss of life during a wildfire, supporting the safety and security of those living within Jefferson County.

Sincerely,

Jeff Shrader, Sheriff
